[New Braunfels, TX, NOV 2019] Trailer Alarms, LLC announces racing legends and up and comers to sign autographs in their booth during PRI 2019.

Legendary race ambassador Linda Vaughn "Miss Hurst Golden Shifter" will be in booth 7100 with Trailer-Alarms.com signing autographs, taking pictures, telling stories and helping sell their American made trailer security systems.

Also in the booth will be legendary kart racer, Ford driving instructor and friend, Rick Fulks. Rick has raced karts for 43 years, has 18 Daytona kart wins, and has hit a top speed there of 161 mph in a 250 kart.

Trailer-Alarms.com loves working with up and coming racers. This year they will also have in the booth Jr dragster racer Tony Monk, out of Middletown, Ohio. Joining Tony will be kart racer, dwarf racer, Mazda MX5 spec racer Josh Maxey from Round Rock, TX.

Dates and times are still to be determined, but you are invited to stop by, say hi to the legends and give some encouragement to these young racers.

About Trailer-Alarms.com Started in 2005 as a web-based trailer security company to be the "Jegs" of theft prevention devices for trailers. In 2015 Trailer-Alarms.com purchased the manufacturing rights of the Pro-Tec System One trailer security system (the only system with a 5-year warranty), taking it home to their location in Texas. In 2016 Trailer-Alarms.com continued developing a trailer locking device, and in 2018 applied for a patent for that unit.

Nearly 15 years later, Trailer-Alarms.com has become the true leader in theft prevention devices for trailers, and then some.
